

Later Check / choose the skill

Print, cut and give only the prompts you need. Students respond in a notebook or on separate paper.
Use several days after teaching. Same six items; answer key: main pack, page 30.

SKILL 1 / Name: _____ Date: _____

Draw 5 groups of 4. Write the multiplication equation. Explain what each factor counts.

SKILL 2 / Name: _____ Date: _____

Draw 2 rows of 7 dots. Imagine turning your array to make 7 rows. How many dots are in each row now? Explain why the total stays the same.

SKILL 3 / Name: _____ Date: _____

Share 24 blocks equally among 4 children. How many each? Draw and label a model.

SKILL 4 / Name: _____ Date: _____

Pack 30 crayons with 5 in each box. How many boxes? Draw or explain how you know.

SKILL 5 / Name: _____ Date: _____

Complete $7 \times \underline{\quad} = 35$ and $35 \div 7 = \underline{\quad}$. Explain the connection.

SKILL 6 / Name: _____ Date: _____

Use a split to solve 9×4 . Show both parts and explain why you add their products.
